

Regarding your child's lunch:

Please do not send glass water bottles or food containers with your child to school. These often get dropped and broken.

This causes a hazard for the child or staff member who will have to clean it up, and will result in your child not having a lunch to eat or water to drink.

The school does not provide:

- **Utensils or straws**
- **Cups for water**
- **Extra lunches**

*Please plan ahead to avoid any issues at lunch time.
